IT Professional | Software Developer | AI | Tutor

musondasalim@gmail.com • +260966882901 • +260979287496

GitHub: github.com/MS0C54073 • Portfolio: <https://tinyurl.com/muzoslim>

SUMMARY

A results-driven IT professional with a dynamic educational background in IT, Technological Entrepreneurship and Innovation Management, Management in the Digital Economy, Development of Digital Twins, and Management of High Tech Programs and Projects. This diverse expertise is applied to software development, system administration, and AI, with a special focus on securely connecting large language models to data and conceptualizing advanced AI assistants.

CORE COMPETENCIES

• Languages: Python, JavaScript, TypeScript, C++, C#, PHP, SQL • Frameworks: React, Next.js, Node.js/Express, Django, Laravel, .NET • Mobile: Flutter • Databases: PostgreSQL (Supabase), MongoDB, Firebase • AI & Automation: AI Development (Genkit, Firebase Studio), Data Automation (n8n, Google AI Studio | Gemini API) • Ops & Security: SysAdmin, Networking, Cybersecurity (SIEM, IDS), Cloud (GCP, Firebase) • Tools: Docker, Git, Tableau (Foundational), Cursor 2.0 • Business: Project Management, Microsoft 365/Office • Creative: Design & Media (Photoshop, Premiere Pro, Canva)

WORK EXPERIENCE

IT Support Freelancer

2017 – Present

Hybrid

- Providing remote or on-site technical assistance to individuals or businesses.
- Resolving hardware, software, and network issues via phone, email, or chat.
- Documenting solutions for clients.

AI Content Evaluation Specialist (Project-Based)

Aug 2024 – Sep 2025

Invisible Technologies & Outlier

- Evaluated AI-generated content, including code, text, images, and videos, providing clear, human-readable summaries.
- Solved coding problems and ensured all technical outputs were functional, efficient, and reliable.
- Developed test cases and verification methods to confirm content quality and accuracy.
- Provided actionable feedback to improve AI content generation processes.

IT Support Volunteer / Technical Assistant

May 2025 – Jul 2025

Embassy of the Republic of Zambia in Moscow, Russia

- Maintained and managed embassy IT systems.
- Provided Technical Support to ensure seamless digital operations.

AI Training Methods Researcher (Internship)

2022 – 2024

Novosibirsk State Technical University

- Tested new training algorithms specifically for Spiking Neural Networks (SNNs).
- Conducted experiments to evaluate the performance of various SNN training approaches.
- Managed and preprocessed datasets for training and evaluating SNN models.

System Administrator Intern

May 2022 – Oct 2022

Pensions and Insurance Authority

- Assisted in maintaining, securing, and optimizing the Authority's IT infrastructure and websites.
- Contributed to the maintenance and development of the Authority's official website to improve functionality and accessibility.
- Monitored system performance and resolved software, hardware, and network issues to ensure reliable operations.
- Provided ICT support and user training to staff, enhancing technical efficiency and digital literacy.
- Supported data backup, system updates.

IT Intern / Trainee (Software Development & Networking Support)

May 2019 – Jul 2021

Kursk State University

- Participated in university-organized summer and winter trainee programs in partnership with various IT companies.
- Assisted in networking support, system setup, and maintenance of lab environments.

- Built, tested, and optimized software applications using C++, Python, and C#.
- Utilized automated debugging tools and performance optimization techniques to enhance application efficiency.
- Collaborated with industry professionals and mentors, gaining hands-on experience in real-world software development and IT support environments.

Customer Care Assistant

2021 (Temporal Contract)

VITALITE Group

- Delivered professional customer support by responding promptly to inquiries and resolving complaints.
- Communicated with customers across multiple channels, ensuring a positive and empathetic experience.
- Processed orders, forms, and applications while maintaining accurate records of transactions and feedback.
- Collaborated with colleagues to coordinate effective customer service solutions.

Customer Care Associate

Aug 2015 - Oct 2016

Tech Mahindra - outsourcing (Airtel Zambia PLC) services

- Ensured Customer Satisfaction through consistent standards of service excellence through implementation of continuous improvement initiatives.
- Provided excellent customer relationship management by resolving customer queries, selling, retention and relationship building.
- Promoted Airtel brand image by managing service delivery aligned to customer needs and business objectives.
- Adhered to good work ethics.

Internet Cafe Operator

Dec 2013 - Aug 2015

AbduTech InterNet Cafe

- Assisted customers with PC software including Microsoft Office, Adobe suites, Windows operating system installation, and other essential programs.
- Provided services such as encoding, printing, photocopying, typing, and downloading.
- Troubleshooted various computer applications, hardware, and software issues.
- Provided excellent customer care and maintained store records and inventories.
- Maintained computer systems, performed routine maintenance, virus removal, and system updates to ensure security and reliability.
- Assisted customers with email setup, online applications, account creation, and basic IT guidance..

EDUCATION

Bachelor's of Science, Software and Administration of Information Systems

2017 - 2021

Kursk State University, Russia

Multiple Diplomas of Professional Retraining

2023

Novosibirsk & Pskov State Universities

relations

Sergey Loginov

3 Courses

Understanding economic policymaking

Trade, Immigration and Exchange Rates in a Globalized World

Business Opportunities and Risks in a Globalized Economy

Jan 28, 2026

MUSONDA SALIMU

has successfully completed the online Specialization

Globalization, Economic Growth and Stability

This Specialization gives learners an understanding of how governments use both fiscal and monetary policy to influence a country's economy, as well as the various facets of globalization that affects economic perspectives and decisions. Learners will be able to analyze various countries' data and list a number of risks and opportunities of doing business in these countries.

Gayle Allard,
IE
Business School,
Madrid, Spain

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.

Aug 4, 2025

MUSONDA SALIMU

has successfully completed the online, non-credit Specialization

AI Agents and Agentic AI in Python: Powered by Generative AI

This certificate recognizes the successful completion of the AI Agents & Agentic AI in Python Specialization, demonstrating expertise in designing, building, and optimizing autonomous AI agents from the ground up. The holder of this certificate has mastered core agent principles, including agent loops, self-prompting, tool integration, multi-agent collaboration, and robust API interaction—without relying on short-lived frameworks. This credential certifies a deep understanding of AI agent architecture and design, equipping the recipient with the ability to develop powerful, scalable, and maintainable AI systems optimized for efficiency, adaptability, and real-world impact. Graduates of this specialization possess the skills to engineer cutting-edge AI agents.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

MUSONDA SALIMU

has successfully completed the online, non-credit Professional Certificate

- Foundations of Cybersecurity**
- Play It Safe: Manage Security Risks**
- Connect and Protect: Networks and Network Security**
- Tools of the Trade: Linux and SQL**
- Assets, Threats, and Vulnerabilities**
- Sound the Alarm: Detection and Response**
- Automate Cybersecurity Tasks with Python**
- Put It to Work: Prepare for Cybersecurity Jobs**

Google Cybersecurity

Those who earn the Google Cybersecurity Certificate have completed eight courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in cybersecurity. They are competent in beginner-level Python, Linux, SQL, Security Information and Event Management (SIEM) tools, and Intrusion Detection Systems (IDS). They know how to identify common cybersecurity risks, threats, and vulnerabilities, as well as the techniques to mitigate.

Amanda Brophy
Global Director of
Google Career
Certificates

Jun 24, 2022

MUSONDA SALIMU

has successfully completed the online, non-credit Specialization

IT Fundamentals for Cybersecurity

This specialization provided the learner with knowledge of cybersecurity concepts, tools and processes; compliance frameworks; system administration, operating system and database vulnerabilities basics; types of cyber attacks; and basic networking. The learner also gained knowledge around important cybersecurity topics such as cryptography and digital forensics. The learner's knowledge was tested through multiple assessments throughout the courses within this specialization.

Terri Puckett

Terri Puckett
Project Manager
IBM Security Learning
Services

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Introduction to Cloud Computing

Introduction to Artificial Intelligence (AI)

What is Data Science?

Aug 26, 2023

MUSONDA SALIMU

has successfully completed the online, non-credit Specialization

Key Technologies for Business

In this specialization learners have gained a foundational knowledge of key technologies driving modern businesses. They can describe Cloud Computing, Data Science and Artificial Intelligence, including business drivers behind their growth, the value they provide, their applications and usecases, and an understanding of how these technologies work. The learners have also experienced Cloud, Data and AI in action and demonstrated ability to work with these technologies hands-on.

Rav Ahuja
Global Program Director,
Skills Network

Alex Akison, Ph.D.
Data Scientist

TOGETHER WE'LL GO FURTHER!

Embassy of the Republic of Zambia
Moscow, Russian Federation

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Mr. Musonda Salimu, a Zambian student who studied in the Russian Federation on a Government of Zambia scholarship and voluntarily offered his services to the Embassy of the Republic of Zambia in Moscow. I had the privilege of supervising his work during his volunteer engagement between May 2025 and July 2025.

During his time at the Embassy, Mr. Salimu provided invaluable technical support to our staff by resolving hardware and software issues promptly and efficiently. He actively assisted in maintaining and updating the embassy's internal network infrastructure, helped implement cybersecurity protocols, and performed regular system updates to safeguard our digital environment. His role also extended to ensuring smooth operation of IT systems used in administration.

Mr. Salimu consistently demonstrated strong technical competence in network administration, troubleshooting, and system optimization, with proficiency in tools such as Windows Server, and modern IT security frameworks. His professionalism, reliability, and ability to adapt to the sensitive, high-security environment were evident throughout his service.

Beyond his technical skills, Musonda's personal qualities distinguish him as a dedicated and resourceful professional. His problem-solving mindset, effective communication, and commitment to excellence ensured that he earned the respect and trust of embassy staff. I have no doubt that he will excel in any role within the fields of Information Technology, Computer Science, Cybersecurity, or related areas of education and employment.

I therefore strongly recommend Mr. Musonda Salimu for any future academic, research, or professional opportunity in the IT and computer science fields. He will be an asset to any institution or organization that values innovation, reliability, and integrity.

Should you require further information, please do not hesitate to contact me directly.

Sincerely,

Mr. Allan Mwiimbu (+79855159011)

Salimu Musonda

to represent the interests of NSTU concerning bilateral educational, scientific, cultural cooperation, including the promotion of additional professional education programs, double degree programs, development of joint scientific projects, organization of academic and student exchanges.

Rector, professor

Anatoly Bataev

Novosibirsk, 2024

Dear

Salimu Musonda

Congratulations on your graduation!

With graduation from Novosibirsk State Technical University an important chapter of your life has finished. It has been a long way filled not only with studies, but also with meeting new people, student friendship, fun parties, overcoming everyday difficulties and even homesickness and soul-searching. Now a new chapter of your life is open for you - time for the professional development and career growth. And as a graduate of our university, I wish you to find your own correct path in life, to become a real professional and never forget about the time spent in NSTU-NETI.

It is now the moment for you to stop and contemplate how to build your future life - whether to make your career either as a teacher or as a researcher or to apply your speciality for economy of your country. All paths are open to you, and the diploma from Novosibirsk State Technical University would be a pass to your new exciting life. In any case, the knowledge gained at our university would become a solid foundation for your professional career.

I am wishing you every success in this new chapter of your life.
